Advanced Pervious Concrete Mix Design Class & Demo
August 6, 2013
1:00 pm to 5:00 pm

Mandatory Updates in Mix Designs for Those Providing Pervious Mixes in Kansas City

Penny’s Concrete
23400 W. 82nd St.
Shawnee Mission, KS  66227

Exclusively for ready mix producer mix design specialists & admixture technical specialists

CPG and MO/KS ACPA will be launching the update to the Specifiers Guide to Pervious Concrete in Kansas City in August 2013. There are changes to the mix design and the construction practices. This is your opportunity to learn about them and how you can produce a better mix for economy and performance.

Outline for the Class:
- They way we’ve always done it?
- Aggregates:
  - Which Aggregates work best?
  - Absorption & Specific Gravity
  - SSD
- Admixtures
- Curing:
  - Lightweight Sands
  - Polymer Admixtures
- Densifiers
- Field experiment with 3 mixes, Live Demo

Please RSVP by August 2, 2013. $35.00 per person includes handouts and snack/refreshments.
